

Drive Foot Traffic and Elevate Retail Revenue with EV Charging

Elevate the shopping and dining experience with seamless EV charging, attract eco-conscious customers, and boost your revenue.

Retail Rewards

Increased dwell time

Encourage customers to shop longer, leading to potential increased sales, with the convenience of EV charging.

Attract eco-conscious customers

Position your retail space as a green leader and draw in a growing demographic of EV drivers.

Enhanced customer experience

Differentiate your retail space with an added service that competitors lack.

Flexible payment options

Provide complimentary charging or introduce varied pricing models for an additional revenue stream.
